SUMMARY

Results-driven Flutter Developer with 3 years of experience in designing, developing, and deploying cross-platform mobile applications for Android and iOS. Skilled in Dart, REST APIs, Firebase, and state management frameworks. Seeking an opportunity in the Information Technology field to leverage technical expertise and contribute to innovative, high-quality app solutions while continuing to grow professionally.

WORK EXPERIENCE

Prepseed   Jan 2024 - present

At Prepseed, I collaborate closely with clients to understand their business needs and translate requirements into functional and intuitive mobile solutions. I plan feature workflows and actively contribute to the full development cycle, including UI implementation, API integration, and feature development using Flutter. My role also involves identifying and resolving bugs, ensuring smooth performance and high-quality delivery. Additionally, I handle app deployment processes and maintain consistent communication with stakeholders to ensure project alignment and timely execution.

Das Infomedia   Dec 2022 - Dec 2023

At Das Infomedia, I was responsible for understanding project requirements and transforming them into efficient and user-friendly mobile application features. I developed Flutter applications with a strong focus on UI implementation, API integration, and functionality development. My work included troubleshooting and resolving bugs to ensure smooth performance and reliability across supported devices. Throughout the development cycle, I maintained a detail-oriented approach to deliver stable and high-quality app solutions.

PROJECTS

Learning Management System (8 Apps)   Play Store Link

- Delivered 8 LMS mobile apps end-to-end using Flutter (UI, API integration, feature development)
- Implemented state management using BLoC, GetX, Provider; structured apps using Clean Architecture, MVVM, MVC
- Integrated Retrofit, Socket-based features, and Razorpay for real-time communication and secure payments
- Improved app performance and user experience through modular coding and optimized workflows

Some Projects	App Store Link		
Expoleads	Link	Dr Arth Kosia	Link
Siddhi Printech	Link	Yellow Spot	Link

EDUCATION

2017 - 2021	B.E. - GEC, Modasa	(CGPA: 7.8)

SKILLS

Tech and Software	Flutter, Firebase, Node, Github, Android Studio, VS Code, XCode
Key Concept	CI/CD, Clean Architecture, Payment Gateway, Deep Linking, App Deployment
